About Us

Aggarwal Industries (Brand: M.T.K) is a premier manufacturer of high strength stainless steel screws. Rooted in the 40-year legacy of G.S. Traders, Delhi, we blend traditional reliability with modern engineering. Beyond our precision manufacturing, we offer a complete fastening ecosystem including self-drilling, drywall, machine screws, and rivets delivering quality, consistency, and trust under one name.

Vision

To redefine the global benchmarks of the fastening industry by consistently delivering "Engineered Excellence." We aim to be the most trusted partner for infrastructure and industrial projects worldwide, blending our rich 40-year heritage with innovative manufacturing practices to provide solutions that are Built for Trust and Designed for Strength.

Quality Assurance

Quality is not just a department at M.T.K; it is our core philosophy. Every product undergoes a series of rigorous in-process inspections and stringent QA protocols to ensure it meets uncompromising performance standards.

Our commitment to certified manufacturing processes ensures :-

Consistency: Every batch adheres to precise technical specifications.

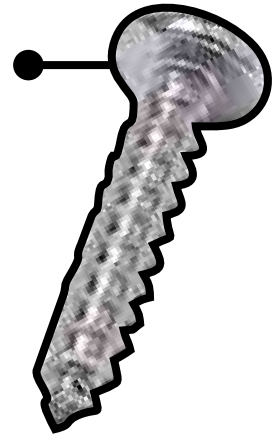

Durability: High-grade materials tested for extreme environments and corrosion resistance.
